"We were one of the first users of the GED Ready Offline for Corrections. To date, we have tested more than 200 inmates. Having the GED Ready as a predictor of GED success has been invaluable."

Beth Greene
Riverbend Correctional Facility, GA

Test Benefits

- No Internet access needed
- No test center scheduling required
- Test scores and study plans available immediately after finishing the test
- Tells students if they're likely to pass the official test
- Half the length of the operational test
- Available in English and Spanish

Requirements for Testing

- At least one Internet-connected computer to download testing software
- Student testing computers require Windows XP operating system or greater
- Electronic storage device (USB flash drive, shared hard drive on Local Area Network) to transfer tests from Internet-connected computer to student computers
- Consultation with your IT Security department about downloading new software onto computers
